II. REPORTS

1. Executive Report

Mr. Bustamante stated RRHA was in the final month of its fiscal year and staff

had been working to complete reports, increase occupancy, and address recertifications. He also noted RRHA had undergone five NSPIRE inspections during the preceding three months.

Mr. Bustamante reported the President signed the Continuing Appropriations and Extension Act of 2027 on September 2, 2026. The legislation provided level funding through December 11, 2026. He explained the continuing resolution included provisions affecting Emergency Housing Vouchers. HUD had previously approved merging the Authority's Emergency Housing Vouchers with its regular vouchers to keep participating families housed. Under the continuing resolution, HUD was expected to issue tenant protection vouchers for those families. This will allow RRHA to house the affected families without using its HAP funds and preserve those funds for housing individuals from the waiting list.

Mr. Bustamante added a continuing resolution delayed implementation of the Office of Management and Budget guidance affecting the future review of grants. Those policies will not affect RRHA's grants through December 11, 2026. The status of the guidance after that date remained uncertain.

Mr. Bustamante informed the Board he had forwarded an email from Commissioner Carr to various senators, including Senator Kaine, and thanked Commissioner Carr for his effort. He reported he had received a telephone call from Congressman Ben Cline's office congratulating RRHA on receiving a Housing-Related Hazards grant. The grant will support mold remediation in public housing, as well as radon testing and remediation. RRHA will begin implementing the funds upon receipt of the official HUD notification. In response to Chair Carter's question, Mr. Bustamante

clarified the grant was separate from the City's Lead Hazard Reduction Grant. Chair Carter thanked Mr. Bustamante for his report and asked if there were any further questions. There were none.

2. Staff Reports

Chair Carter asked for staff reports. There were none.

Committee Reports

Chair Carter asked for committee reports. There were none.

3. Commissioner Comments

Chair Carter asked for commissioner comments. There were none.

4. City Council Liaison Comments or Discussion

Chair Carter asked for comments from the City Council Liaison. There were none.

5. Residents or other community members to address the Board

Ms. Abdullah reported the Lansdowne Resident Council held its first children's movie afternoon on Sunday, September 20, 2026. Fifteen children attended. The event included popcorn, slushies, cookies, and goodie bags for two children who shared the moral of the movie. Ms. Abdullah reported children had been asking when the next movie event would take place. The next event was scheduled for Sunday, October 18, 2026, at 3:25 p.m., and a volunteer had offered to take photographs. Chair Carter expressed interest in attending. Ms. Abdullah said all were welcome and volunteers were appreciated, but the children would be responsible for sharing the moral of the story. She reported interest in the events are growing as more children learned about them.

REGULAR AGENDA

Ms. Austin stated the resolution sought Board approval of the consolidated operating budget for the fiscal year ending September 30, 2027. She explained RRHA is required to submit a Board resolution approving the annual consolidated operating budget to HUD before the

beginning of the fiscal year. A public hearing was held on August 24, 2026, to receive comments on the FY 2027 operating budgets. Ms. Austin confirmed the two changes discussed at that meeting had been completed. Chair Carter asked if there were any questions. There were none. With no further discussion, Commissioner Carr introduced Resolution No. 4293 and moved its adoption as introduced. The motion was seconded by Commissioner Wright, and upon roll call the following vote was recorded:

Chair Carter introduced Resolution 4294 seeking Board authorization to modify Contract No. 900-2502-1-5 with Cantey Tech Consulting for information technology services using public housing funds. Mr. Shank explained the modification would support upgrades to the security of the Authority's information technology system and prepare for future document management services. Cantey Tech Consulting had provided a proposal for the necessary software changes totaling $41,744. Mr. Shank noted contract modifications exceeding $25,000 required Board approval before implementation. Chair Carter asked if there were any questions for Mr. Shank. There were none. With no further discussion, Commissioner Karney introduced Resolution No. 4294 and moved its adoption as introduced. The motion was seconded by Commissioner Wright, and upon roll call the following vote was recorded:

NOW THEREFORE, BE IT RESOLVED by the Board of Commissioners of the City of Roanoke Redevelopment and Housing Authority that:

(1) The quotes submitted by Cantey Technology Consulting, LLC with a total amount of $41,744.00 be and hereby are accepted;

(2) The Executive Director be and hereby is authorized and directed to execute a contract modification where by referenced, is inclusive of all the quotes submitted by Cantey Tech Consulting, LLC for Office 365 Email Migration Software, the monthly subscription cost of Microsoft Business Premium for eighty eight (88) users for forty one (41) months, and the cost for labor which will increase the Not-to-Exceed amount of Contract #900-2502-1-5 from $814,288.00 to $856,032.00.

(3) The Executive Director be and hereby is authorized to take such other actions as may be necessary to fulfill the intent of this Resolution.

3. Resolution No. 4295

Chair Carter introduced Resolution No. 4295, requesting Board approval to award a contract for electronic document management and workflow software using operating funds. Mr. Shank explained the Request for Proposals had been issued during the previous year and five proposals had been received. Following extensive evaluation, the committee narrowed the field to two firms, Companion Data Services LLC - DocFinity Division and FileVision USA LLC. Both firms were invited to submit

best and final offers, and their revised proposals were evaluated. The evaluation committee reached a consensus that FileVision USA offered the best match for the Authority's needs.

Mr. Shank stated the proposed contract included a one-year term with four option years, at a cost of $277,515.90. The proposal included an initial setup cost, including the scanning of existing documents into electronic form, of $91,319.11 and $9,600 for training. Going forward, documents will be maintained electronically. Mr. Shank noted FileVision USA had completed substantial work for housing authorities. Mr. Bustamante stated he was familiar with the company's work on a similar project in Miami but could not confirm the company's central office location.

In response to Commissioner Carr's question about the impact on residents and the application process, Mr. Shank indicated implementation would occur while RRHA remained operational. Mr. Bustamante explained the Authority already had an online application system. The proposed software would primarily improve internal file management, including recertifications and the conversion of paper tenant files to digital records. He stated RRHA currently used rooms to store boxes of files. Digitizing records was expected to free storage space and reduce paper use. Documents would be scanned as staff worked with tenants and applicants.

Commissioner Carr asked whether the initiative would eventually allow commissioners to use electronic devices and support a paperless process. Mr. Bustamante clarified Resolution No. 4295 addressed the Authority's internal transition from paper files to electronic records and did not include electronic devices for commissioners. Chair Carter asked whether recertifications would eventually be

completed online. Mr. Bustamante confirmed this was the plan. In response to a question about online rent payments, he stated RRHA was also working toward that capability but needed to proceed incrementally. With no further discussion, Commissioner Carr introduced Resolution No. 4295 and moved its adoption as introduced. The motion was seconded by Commissioner Jennings, and upon roll call the following vote was recorded:

AYES: Commissioners Carr, Jennings, Karney, Wright, Chair Carter, Vice Chair Coles
